

Temporary reduction in car parking spaces

Upgrade works will be taking place to provide step-free access at this station

Network Rail will be carrying out upgrade works as part of a scheme to provide step-free access between the station entrances and platforms at Coulsdon South from **28 May 2019**.

The works are expected to be completed by the end of the year.

During this time, there will be a reduction in available car parking spaces.

Additionally, there will be no access to the car park on the following dates:

- 9 June and 04:00 on 10 June
- 8 September and 04:00 on 9 September
- 8 December and 04:00 on 9 December

Vehicles left will be relocated.
